Claude LULÉ

Médiathèque Musicale Mahler

11 bis, rue Vézelay – F-75008 Paris – (+33) (0)1.53.89.09.10

La Médiathèque Musicale Mahler a reçu en don au printemps 2015 la très importante collection d'enregistrements sonores (CD et 33 T) de Claude Lulé.

Comédien et metteur en scène de théâtre et d'opéra, passionné de musique, il a constitué une collection très originale, consacrée majoritairement aux compositeurs du XXe siècle du monde entier. Russes, polonais, estoniens, argentins, japonais, suédois, ils sont enregistrés sur des labels nationaux, peu ou pas disponibles en France. Dans cette collection, Mozart occupe à peine plus de place que Chostakovitch, Ravel que Schnittke ! Très rigoureusement classés, les disques sont inventoriés dans un fichier : fiches roses pour les CD, jaunes pour les 33 T et blanches pour des renvois.

Après une soigneuse vérification, c'est plus de 2 000 CD et près de 700 33 T qui seront conservés à la MMM, complétant ses fonds de manière conséquente. Avec l'accord de la famille, les doubles ont été proposés à la braderie annuelle à l'occasion de la Fête de la Musique 2015, où ils ont eu un grand succès.

La collection comprend également une dizaine de partitions d'opéras avec les indications de mise en scène et de scénographie, des albums de programmes et coupures de presse et des DVD d'opéras.

Nous remercions chaleureusement Jean-François Vacher qui a eu à cœur de respecter la volonté de Claude Lulé de faire don de sa collection à notre médiathèque.

Nous proposons ici la liste des compositeurs présents dans la collection en attendant d'en effectuer le catalogage.
